

# Map A Clear Course For Your Network Strategy With Gemplex

## Global Reach And A Commitment To Quality

Is your network technology where you want it to be? Send your data in the right direction with Gemplex. We offer premium quality IP VPN solutions to businesses in 37 countries and over 500 cities worldwide. So, if you're looking to connect sites in the United States, Europe, Asia or any corner of the world, we can take you there.

The Gemplex network leverages state-of-the-art Cisco and Juniper technology for maximum security, reliability and performance. We use MPLS to deliver true Quality of Service, so you can converge all of your mission-critical applications over a single efficient and easy-to-manage platform. And, Gemplex stands behind its commitment to quality with a comprehensive set of Service Level Agreements.

## Total Visibility And Control

As part of your Gemplex IP VPN service, we'll provide a web-based network-monitoring tool that let's you see the performance of your network and the provisioning status of any new circuits. So you'll have complete control and confidence.

## The Gemplex Global Network

## Flexible, Customized Solutions

At Gemplex, every customer network is unique. We begin by assessing your data communications requirements, and then design and implement an IP VPN solution to fit your specific needs. Whether you're looking to augment an existing frame relay or private network, or build a new network from scratch, we can handle every aspect of your service delivery.

Gemplex offers a wide selection of access and security options to accommodate your network topology and business-critical applications. Our MPLS technology lets you combine network-based and CPE-based IP VPN technology for unmatched flexibility. No other service provider compares when it comes to delivering customized global IP VPNs!

## Network Monitoring And Management

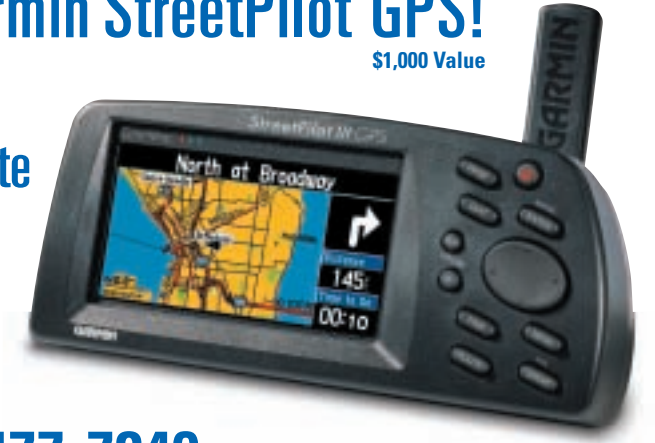

With Gemplex Managed IP VPN, we take care of everything — from providing a top-of-the-line Cisco router with onsite installation and maintenance to non-stop technical support. And, we'll actively monitor your IP VPN 24/7/365 to ensure continuous network availability and maximum performance.

There's never been a better time to make the move to Gemplex. Sign-up today and you'll get 50% off installation and your first month Free! **Plus, we'll give you a \$25 Gift Certificate to The Sharper Image® just for completing a Free WAN Assessment. So call today!**
